

ForeRetirement Variable Annuity C-Share

Sub-Account Performance Summary as of June 30, 2024

PERFORMANCE DATA QUOTED REPRESENTS PAST PERFORMANCE AND DOES NOT GUARANTEE FUTURE RESULTS. Performance results include reinvestment of all distributions at net value. The investment return and principal value of an investment will fluctuate so that underlying fund shares, when redeemed, may be worth more or less than their original cost. Current performance may be lower or higher than the performance data quoted.

This material is authorized for distribution only when accompanied or preceded by a prospectus for the annuity being offered. The prospectus contains investment objectives, risks, fees, charges, expenses, and other information regarding the variable annuity contract and the underlying investments, which should be considered carefully before investing. You should read the prospectus carefully before investing money.

Non-Standardized Performance is calculated monthly and reflects hypothetical performance of a \$1,000 investment from the inception date of the underlying fund (including periods predating inception in the separate account), adjusted to reflect the charges and expenses of the ForeRetirement Variable Annuity C-Share, including mortality & expense risk charge of 1.35% and administrative charge of 0.20%. Non-standardized performance does not reflect the impact of additional charges and fees your investment may be subject to, including an annual maintenance fee of \$50.00 (waived for account values of \$50,000.00 or more) and optional benefit charges. Your performance will be lower than that displayed if optional benefit riders are purchased. Please refer to the variable annuity product Prospectus or Product Guide for more information.

The prospectus contains investment objectives, risks, fees, charges, expenses, and other information regarding the variable annuity contract and the underlying investments, which should be considered carefully before investing. You should read the prospectus carefully before investing money.

Annualized Returns are calculated monthly and reflect hypothetical performance of a \$1,000 investment from the inception date of the underlying fund (including periods predating inception in the separate account), adjusted to reflect the charges and expenses of the ForeRetirement Variable Annuity C-Share, including mortality & expense risk charge of 1.35%, administrative charge of 0.20% and annual maintenance fee of \$50.

Standardized Performance is calculated quarterly and reflects performance of a \$1,000 investment from the inception date of the sub-account, based on the underlying funds' performance (including total annual fund operating expenses) adjusted to reflect the charges and expenses of the ForeRetirement Variable Annuity C-Share as described above. Performance will be lower than that displayed if optional benefit riders are purchased. Please refer to the variable annuity product Prospectus or Product Guide for more information.

The ForeRetirement Variable Annuity is available in multiple share classes, which each have different fees and charges as described in the prospectus. Your financial professional's commission may also differ depending upon the share class selected. You should discuss which share class is right for you with your financial professional based on the available options. Important share class considerations include, but are not limited to, your investment holding period and investment flexibility.

ForeRetirement I Variable Annuity is no longer available for sale.

Since inception returns are cumulative for investment options in existence for less than one year. Total return includes capital appreciation (depreciation), realized gains (losses), plus dividends or interest income.

Each American Funds Insurance Series Class 4 fund did not offer Class 4 shares prior to 12/14/2012. Hypothetical performance that predates the inception of each American Funds Insurance Series Class 4 fund in the separate account is computed by deducting the additional Class 4 total annual fund operating expenses and the Separate Account Annual Expenses from the performance of the Class 1 fund performance. The performance of the Class 4 funds will be lower than the Class 1 funds because of these higher fees and expenses.

The BlackRock Managed Volatility V.I. Fund did not offer Class III shares prior to 9/30/04; the BlackRock S&P 500 Index V.I. Fund did not offer Class III shares prior to 2/14/18. Hypothetical performance that predates the inception of the BlackRock Managed Volatility V.I. Fund and the BlackRock S&P 500 Index V.I. Fund in the separate account is computed by deducting the additional Class III total annual fund operating expenses and the Separate Account Annual Expenses from the performance of the Class I fund performance. The performance of the Class III fund will be lower than the Class I fund because of these higher fees and expenses.

Each Franklin Class 4 fund did not offer Class 4 shares prior to 5/1/2008. Hypothetical performance that predates the inception of each Franklin Class 4 fund in the separate account is computed by deducting the additional Class 4 total annual fund operating expenses and the Separate Account Annual Expenses from the performance of the Class 1 fund performance. The performance of the Class 4 funds will be lower than the Class 1 funds because of these higher fees and expenses.

Each TOPS Class 3 fund did not offer Class 3 shares prior to 5/1/2012. Hypothetical performance that predates the inception of each TOPS Class 3 fund in the separate account is computed by deducting the additional Class 3 total annual fund operating expenses and the Separate Account Annual Expenses from the performance of the Class 2 fund performance. The performance of the Class 3 funds will be lower than the Class 2 funds because of these higher fees and expenses.

Investing in an annuity through a tax-advantaged retirement plan such as an IRA provides no additional tax advantage from the annuity, and should only be considered if it makes sense because of the annuity's other features, such as lifetime income payments or death benefit protection.
